

High Performance Leaders Inc.

The Effective Leader Program

The Problem

95% of organizations are unable to sustain high performance long term!

Breakdown The Problem ______

- 1. Inconsistent leader focus & actions
- 2. Misaligned/ineffective management systems
- 3. Culture limits realization of maximum potential

What We Do

- Develop leader skills to achieve high performance cultures
- Our Proven Methods use:

Practical skill development

and accelerate development

One-on-One coaching

Leader peer communities to share best practices

On-site support

- Skill development on the 3 core elements:
 - 1. Effective leaders
 - 2. Building aligned systems
 - 3. Developing a culture of trust, respect, & performance

Root Cause

Leaders, management systems, and culture are not fully synchronized for high performance results.

The Solution

HPL's Effective Leader Program. We develop high performing leaders!

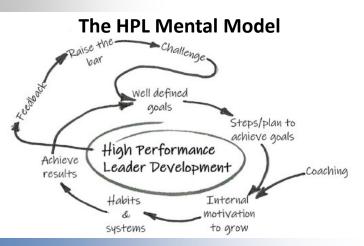

HPL Leader Skill Focus

Scott Smith Managing Director

Glenn is a lean and continuous improvement professional fluent in the practices and philosophies of the Toyota Production System (TPS). Trained and mentored on the shop floor in Japan by Toyota Sensei's. Glenn has over 25 years of applied hands-on factory floor and executive level operational and supply chain experience at companies such as Honeywell, Toyota, BlackBerry and Amazon. His passion and obsession for leadership coaching and change management are 2 of Glenn's fundamental specialties. He believes that strong commitment to people and process is the key to employee engagement and long term success.

Scott has over 25 years of experience in lean thinking, continuous improvement, innovation and leader development. He is the facilitator of 4 Leveraged Learning Consortiums and the developer of Organizational Systems Thinking. Through the Leveraged Learning Consortiums and the OS Thinking approach, organizations learn how to compete to win. Scott works with organizations in the manufacturing, service, support, higher education, not for profit and healthcare sectors. Scott also believes that it is important to give back to the communities that support us. He currently serves as the Chair of the Board of Trustees of St. Mary's General Hospital in Kitchener, Ontario.
